Chapter	2
Activity name	Your Business Way
Version	1.0
Activity Objective	To raise awareness of a set of information /data that is important to setup other leaders for success. This collection of data is grouped and as the Business Way.

Activity Instructions

Do a stock take of your Business Way. This may be a hard task at this stage of the book. However, it is never too early to begin considering these issues. You can assess how important you think these data are to your business's long-term success. Also, you can assess who in the business has access to this as information to assist their contribution.
